

**State of Oregon  
Building Codes Division  
Interpretive Ruling No. 00-11**

**PLUMBING PRODUCT APPROVAL REQUEST-STORMWATER MANAGEMENT  
CATCH BASIN STORMFILTER**

**Initiated By:** James Lenhart, PE  
Stormwater Management Inc.  
2035 NE Columbia Blvd.  
Portland OR 97211  
1-800-548-4667

**REQUEST FOR RULING:** Approval of the Stormwater Management Inc. Catch Basin StormFilter (CBSF).

**APPLICABLE CODE SECTION:** 2000 Oregon State Plumbing Specialty Code, Chapter 11, Section 1108.0.

**FINDINGS:** Effective April 1, 2000, the division adopted the above applicable plumbing code provisions that apply to catch basins. The specifications for the Stormwater Management Inc. Catch Basin StormFilter (CBSF) meet the provisions of the plumbing code in quality, strength, effectiveness, durability and safety. The attached engineered drawing as submitted is satisfactory and complies with the intent of the plumbing code and the materials addressed for the purpose intended, is at least the equivalent of that proscribed in the adopted code.

**CONCLUSION:** The State Plumbing Board recommends the Building Codes Administrator approve this interpretive ruling, including the attached engineered drawing.
