

Get Your Career in Gear: CREATING YOUR PERSONALIZED ACTION PLAN

Feel like your career has stalled out?

It has happened to the best of us. This class will help you create a personalized action plan so you can stop sputtering and get moving on your career path. Resource material will be provided on writing highly effective resumes, and participants are welcome to update their resumes and schedule an individualized review with Employee Services. You will gain insight on the state application process, which will help you be successful in your job search.

At the Feb. 1 workshop, you will:

- » Learn the steps to career planning
- » Create your beginning career action plan
- » Receive feedback on your career action plan
- » Gain understanding of what hiring managers look for in state applications
