

STATE OF OREGON

INTEROFFICE MEMO

BUILDING CODES DIVISION

NOVEMBER 25, 2005

To: Building Officials
c/o various building department jurisdictions

From: Richard Rogers
Structural Program Chief

Subject: Rescission of the statewide interpretation No. 90-17 "New Manufactured Windows With Storm Window Default U-Values".

The above-mentioned statewide interpretation which was issued in 1992, under the provisions of the 1989 OTFDC, is hereby rescinded with immediate effect. The information in this Interpretive Ruling is outdated and no longer applicable.

If you have any questions related to this action, you may forward them to me at (503) 378-447 or to Shane Sumption at (503) 378-4635.
