Accepted disabling claims are claims, accepted by insurers, arising from occupational injuries or diseases that entitle workers to compensation for disability or death.

Claims are listed according to the Occupational Injury and Illness Classification System (OIICS) and are based on the date the Department of Consumer and Business Services received notification that the claim was accepted, which may be different than the date of injury or illness.

**Table 3. Accepted disabling claims by part of body affected, Oregon 2006-2010**

- Dashes indicate no claims were received.

0.0 percent indicates the percentage of claims calculates to less than 0.05.

NEC = Not elsewhere classified

Uns. = Unspecified - information not available to classify at a more detailed level.

Other = Other OIICS categories not listed.

Source data are continually updated to be as accurate as possible, so report results may vary over time.
