9* INJURY AND ILLNESS COMBINATION	850	4.6	821	4.2
9999 NONCLASSIFIABLE OR UNKNOWN	6	0.0	6	0.0

Accepted disabling claims are occupational injury or disease claims accepted by insurers that entitle workers to compensation for disability or death.

Counts are based on the date the Department of Consumer and Business Services received notification that the claim was accepted, which may be different than the date of injury or illness.

Claims are listed according to the Occupational Injury and Illness Classification System (OIICS Version 2.01).

- nec = Not elsewhere classified
- uns = Unspecified
- Other = Other OIICS category not listed
- Dashes indicate no claims were received
- 0.0 percent indicates a value less than 0.05

Source data are continually updated to be as accurate as possible, so report results may vary over time.

Central Services Division, Oregon Department of Consumer and Business Services, August 2015

(CCRA017/2055t)

*Note: Starting Jan. 1, 2013, the department began using a revised version of the Occupational Injury and Illness Classification System (OIICS v. 2.01) to code claims. This resulted in a series break between reference year 2013 and data for prior years, which are coded with the older OIICS version (v. 1.0). The coding structures for the two editions are not comparable, so injury and illness classification data (nature, part, event, and source) prior to 2013 should not be compared to subsequent data. More information on the OIICS can be found at www.bls.gov/iif/oshoiics.htm.
