Accepted disabling claims are occupational injury or disease claims accepted by insurers that entitle workers to compensation for disability or death. Counts are based on the date the Department of Consumer and Business Services received notification the claim was accepted, which may be different than the date of injury or illness. Industries are categorized according to the North American Industrial Classification System (NAICS), 2002 edition. Employees of client leasing firms are reported in the industry in which they were working at the time of injury.
