Footnotes:

Compensable fatalities are claims, accepted by insurers, arising from a fatal occupational injury or disease that entitles workers and/or their survivors to compensation. Data exclude deaths of workers not subject to Oregon Workers' Compensation coverage, such as workers who were self-employed, worked in Oregon for out-of-state employers, city of Portland police and fire employees, or federal employees. For additional information about employer coverage requirements, you may contact the Employer Compliance Program at [wcd.employerinfo@state.or.us](mailto:wcd.employerinfo@state.or.us) or call (888) 877-5670.

Three fatalities occurred outside of Oregon in 2005: one in Nevada, one in California, and one in Italy.

Dashes indicate no claims were received.

0.0 percent indicates that the percentage of claims calculates to less than 0.05.
