Footnotes:

Compensable fatalities are claims, accepted by insurers, arising from a fatal occupational injury or disease that entitles workers and/or their survivors to compensation. Data exclude deaths of workers not subject to Oregon Workers' Compensation coverage, such as workers who were self-employed, worked in Oregon for out-of-state employers, city of Portland police and fire employees, or federal employees. For additional information about employer coverage requirements, you may contact the Employer Compliance Program at wcd.employerinfo@state.or.us or call 888-877-5670.

Five fatalities occurred outside of Oregon in 2007: three in Washington, one in California, and one in Nebraska.

Dashes indicate no claims were received.

0.0 percent indicates that the percentage of claims calculates to less than 0.05.

Source data are continually updated to be as accurate as possible, so report results may vary over time.
