¹ Occupation data are based on the Standard Occupational Classification System, 2010.

² Based on the BLS Occupational Injury and Illness Classification System (OIICS) 2.01 implemented for 2011 data forward.

NOTE: Data for all years are revised and final. Totals for major categories may include subcategories not shown separately. Dashes indicate no data reported or data that do not meet publication criteria. Unpublished categories and data that do not meet published criteria may cause published data to not add up to the data table. CFOI fatal injury counts exclude illness-related deaths unless precipitated by an injury event.
