Accepted disabling claims are claims, accepted by insurers, arising from occupational injuries or diseases that entitle workers to compensation for disability or death.

Claims are listed according to the Occupational Injury and Illness Classification System (OIICS) and the North American Industrial Classification System, 2002 edition (NAICS).

Employees of client leasing firms are reported by the industry in which they were working at the time of injury.

- Dashes indicate no claims were received.

Source data are continually updated to be as accurate as possible, so report results may vary over time.
