Transport. and warehousing	-	-	-	1	-	-	-	2
Information	-	-	-	-	-	1	-	-
Admin. and waste services	-	1	-	-	-	-	-	-
State and local government	1	-	-	-	2	-	-	-

Compensable fatalities are claims accepted by insurers arising from a fatal occupational injury or disease that entitle workers and/or their survivors to compensation. Data exclude deaths of noncovered workers such as workers who were self-employed, worked in Oregon for out-of-state employers, city of Portland police and fire employees, or federal employees. For additional information about employer coverage requirements, contact the Employer Compliance Program at wcd.employerinfo@state.or.us or call 888-877-5670.

Claims are listed according to the Occupational Injury and Illness Classification System (OIICS) and are based on the date the Department of Consumer and Business Services received notification that the fatal claim was accepted, which may be different than the date of injury or illness.

- Occupations are classified according to the Bureau of Labor Statistics Standard Occupational Coding Manual (SOC), May 2000 edition.
- Dashes indicate no claims were received.

Source data are continually updated to be as accurate as possible, so report results may vary over time.
