Water vehicle accident	-	1	1	-	-	2	1.4
TOTAL	28	30	30	31	27	146	100.0

Compensable fatalities are claims accepted by insurers arising from a fatal occupational injury or disease that entitle workers and their survivors to compensation.

Data exclude deaths of exempt workers, such as workers who were self-employed, worked in Oregon for out-of-state employers, city of Portland police and fire employees, or federal employees. For more information about employer coverage requirements, contact the Employer Compliance Program at wcd.employerinfo@oregon.gov or call 888-877-5670 (toll-free).

Claim characteristics are classified according to the Occupational Injury and Illness Classification System (OIICS Version 2.01).

Data are based on the date the Department of Consumer and Business Services received notification the fatal claim was accepted, which may be different than the date of injury or illness or the date of death. Dashes indicate no claims were received.

Source data are continually updated to be as accurate as possible. Report results may vary over time.

Central Services Division, Oregon Department of Consumer and Business Services, July 2016 (CCRA063/2068t)
